

MORE FOR YOU. BETTER FOR GERMANY.

In this federal election, we're telling you clearly and unambiguously what's in it for you. How we want to improve your life. No tired slogans. No ideological posturing. The SPD is about politics for the many, from the centre, for the centre.

THIS MEANS MORE ... GROWTH FOR YOU.

- A **Germany fund to turbocharge** the economy, jobs and housebuilding.
- With a "**Made in Germany**" bonus for corporate investments in Germany as a business location.
- With **cheaper energy for all**, because lower network fees reduce overall costs.
- With **less bureaucracy and more urgency**.

... IN YOUR POCKET.

- With **income tax relief for 95 percent** of incomes.
- With a reduction in VAT on basic foods for **affordable groceries**.
- With more pay for millions of workers thanks to an increase in the **minimum wage** to €15 from 2026.
- With a continuation of **rent control**, keeping tenant protection in place.

... FOR YOUR FAMILY.

- With **modern education** and investment in childcare and schools, giving our children the best start in life.
- With a total of up to **18 months of parental allowance**, leaving more time for your life and family.
- With a healthy, **free lunch** for every child.
- With affordable care, thanks to a **€1,000 cap** on monthly co-payments.

... PROTECTION FOR YOUR PENSION.

- With a **secure pension level** that protects against pension cuts.
- With **stronger company pensions** for greater security in old age.
- With **early retirement** after 45 years of contributions, which we will defend.
- With a **reliable age at entry** and stability you can count on.

Only the SPD is putting forward a chancellor who can be trusted to keep a cool head. More for you. Better for Germany.
